

WASTE MANAGEMENT SOLUTIONS FOR ECONOMIC & SUSTAINABLE DEVELOPMENT

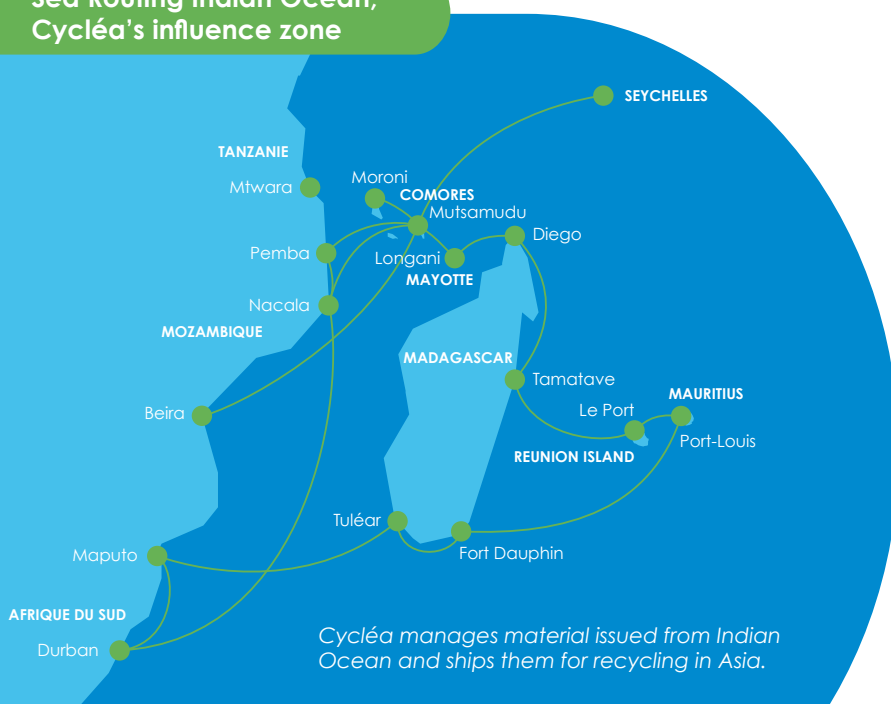

Since 2005, Cyclea proposes solutions for the treatment of recyclable material in full respect of the international regulation, of the manhood and the environment.

- We offer an alternative to landfill by valorizing recyclable material, with the required traceability for your export needs (ISO Norms) and the warranty that your material will be correctly used.
- We actually assist more than 400 public administrations and industrials from Reunion Island and Madagascar through our offer in terms of waste sorting, conditioning, international logistics.

Your waste is their primary sourcing material !

Sea Routing Indian Ocean, Cycléa's influence zone

Cycléa manages material issued from Indian Ocean and ships them for recycling in Asia.

Cycléa manages, among other activities :

- A sorting factory with an annual capacity of 56 000 Tons
